TO: Members of the Legislative Fiscal Committee

FROM: Calvin McKelvogue, Chief Operating Officer, State Accounting Enterprise

RE: Monthly Military Pay Differential Report

On May 31, 2003, the Governor signed Senate File 458. Section 21 of the bill is an appropriation of \$1,810,000 to the Department of Revenue and Finance (or its successor agency) for the primary purpose of paying a pay differential to state employees mobilized in support of various military actions. Section 21 of the bill also requires a monthly report to the Fiscal Committee of the Legislative Council on the use of the funds. This letter, with insert, constitutes the report for the month ended May 31, 2005.

During May 2005, the DAS-State Accounting Enterprise continued to receive and respond to requests from mobilized and demobilizing state employees. We continue to review documentation required to calculate a potential differential. During the month, we again contacted all departments where we had identified individuals on military leave and attempted to document current status. The information received and payments made through May 2005 are reflected in the inserted document.

Military Leave May
31, 2005.xls

We will continue to aggressively seek information through a variety of means to assure that all mobilized and returning state employees are aware of the potential benefits provided under the legislation. Please note that during the 2005 session, the Legislature has amended the original legislation to reduce the funding available for this program. (See 2005 Iowa Acts, Senate File 75)
